AQUATIC FITNESS CLASS DESCRIPTIONS | SEPTEMBER 2026

(S) Aqua Blast	Churn up the water in this challenging, low impact shallow water workout. Cardio, strength, flexibility – this class has it all.
(S) Aqua Boot Camp	A shallow water class that provides high intensity but low impact exercises at an interval that alternates focusing on cardio, strength, and endurance training in short bursts of exercise followed by stretching and flexibility to maximize recovery.
(S) Aqua Fit	This is a less intense class, but we are still here to get our heart rates up and have fun! Participants are encouraged to challenge themselves at a pace that works for them in this invigorating water aerobics session. Classes alternate between an emphasis on exercises: to keep the heart rate up, improve balance and control, build endurance, strengthen muscles, and enhance flexibility. Shallow water.
(S) Aqua Strength, Conditioning, & Cardio	Alternating between noodle, water weights, and dancing, this workout will tone every muscle while strength, conditioning, and cardio training.
<u>Deep Water Blast</u> Strengthen and Tone	A full body work out focusing on the resistance of the water to strengthen and tone your muscles. The resistance provided by water aerobics equipment and/or the wall helps to challenge participants. Aqua belt is recommended. Deep water.
<u>Deep Water Fitness</u>	Total body fitness using water weights, pool noodles and aqua belts. Combination of low, medium and high intensity exercises. Deep Water.
